Internet Use among University Students: A Case Study of Assam University Silchar

*Dr. Chongtham Beda Devi, M.Ed.

*Dr. Nil Ratan Roy

Abstract

The present study is undertaken with a view to know the frequency of internet use, preference of place, time and purpose of using internet amongst the Assam University students. The sample of the present study is drawn from PG students, M. Phil and Ph.D. scholars. The sample consisted of 100 students of different subjects in Assam University, Silchar. Out of 100 students 50 each belong to male and female category. For selection of sample purposive sampling technique has been adopted. In order to assess for surfing internet self-designed questionnaire comprising of 18 items relating to internet access was used. On the basis of filled up questionnaire received from the respondents, the data has been analysed and tabulated using SPSS (17.0 Version) Software. For data analysis and interpretation, percentage analysis and pie chart has been adopted. The present work was carried out during May 2012 to July 2012. Therefore the present investigation is delimited to the students of Assam University, Silchar.
